

CLASS SCHEDULES

- Students completed forecasting in the spring; all information on our courses can be found in our Course Catalog on the Courses Webpage at www.blanchetcatholicschool.com/academics/courses.cfm
- Students' Schedules and a Master School Schedule will be published on August 24th. This will allow students to see their enrolled classes and the available course options.
- Student class schedules will be printed for students when they arrive for New Student Orientation or Returning Student Schedule Pick Up.
- Schedule change requests are due before the 1st day of school, September 8th.
- As our schedules are finalized for the start of school, schedule changes after that date will be limited.
- Most of our classes are year-long, though some electives are offered as a semester class. As students review their classes, they should confirm their second-semester choices as well.
- Once the master schedule is complete, it will be posted on the [Academics Courses page](#). There, students can review the options to make changes to their schedules.

Should you have a question about your class schedule, please email Mr. Carlton Wise, Blanchet's High School Vice Principal, at CarltonWise@blanchetcatholicschool.com.
