### *Mission Statement*

*Blanchet Catholic School provides a comprehensive education program that enables students to:*  
*Be challenged by an academically rigorous curriculum;*  
*Grow toward maturity in Christ;*  
*Contribute to the enrichment of society; and*  
*Participate in the traditions of the Catholic Church.*

# FROM THE PRESIDENT

Dear Blanchet Catholic Community,

This school year marks my 15th year of employment at Blanchet Catholic School.

I have witnessed many changes during my tenure – from physical improvements and additions to our campus

– to the expansion of school programs. However, what continues to make me most proud is the sheer fact of our existence. Blanchet is a strong, thriving organization that for seventeen years has provided a quality college preparatory Catholic education to the youth of our community. We are realizing many of the goals we set forth in our latest Strategic Five-Year Plan, Vision 2015, and are excited for the school's future.

Our school theme this year is “Bringing hope.” In this issue of our bi-annual Cavalier magazine, you will read about many examples where our students and faculty bring hope to others, especially through their community service efforts. This fall we organized our first annual campus wide service day, and during the holiday season we opened the doors of our campus to nearly 500 of our East Lancaster neighbors.

Our class of 2012 is extraordinarily talented and one of the ‘best and brightest’ classes to grace our campus. These students and their classmates certainly make me very hopeful about the future of our great city and country.

We are also very hopeful that we will be able to share some very exciting news with the community in February. Due to the generosity of our parents and donors, the “Foundation for the Future” campaign is nearing completion – we have raised \$3.5 million towards our \$4.1 million goal to enhance the curriculum; provide tuition assistance; renovate and build facilities; and upgrade technology. We anticipate being able to break ground on our new Commons facility in March with a completion date of August, 2012.

I’m looking forward to the second semester of our school year and the many activities scheduled for the coming months. I hope to see you at our annual awards ceremony and school celebration, Founders Day, on the evening of February 23.

By Courage & Faith,

A handwritten signature in dark ink that reads "Charles E. Lee".

# LACE LATULIPPE

(Above) Lace's cousin, Lilly, and (Right) Lace with dolls ready to be donated to hospitalized girls.

Lace LaTulippe is new to Blanchet this school year. She joined our school as a 7th grader after attending St. Joseph School for two years. Lace was born in Wheeling, West Virginia. Her father, Dr. Steven LaTulippe, is a family physician in private practice at South View Medical Arts and her mom, Teresa, is the practice's Vice President and Manager. Lace's sister, Nicole, is a graduate of Pacific University and is currently attending Portland State University. She plans to follow in the family footsteps by becoming a Physicians Assistant. Nicole also works as a Medical Assistant alongside her parents.

The desire to help others is a driving force in the LaTulippe household. In addition to their medical practice, the LaTulippes support several agencies including Marion Polk Medical Foundation and Stand Up Girl, a program that gives hope and courage to young women with unexpected pregnancies. This family commitment to helping others is what inspired Lace to

create her very own non-profit foundation, Dollz for Girlz. Through this foundation Lace raises funds to purchase dolls for young girls who are hospitalized. "My dad is a doctor, so he deals with the sick all the time. He told me how some kids have to stay at the hospital for long periods of time, their whole life enduring pain and an uncertain future." Lace recalled how special her first doll was to her. "When my mom gave me my first doll, I danced with excitement. I named her Kailey. Over the years, that doll kept me company and gave me hours and hours of fun. I would talk to her as if she were real and my very best friend. When I went through life's struggles, I talked to my doll like she totally understood the situation--and me. Life wouldn't have been the same without her," she remarks. Lace believes that all young girls should have a friend like Kailey, especially those girls who are sick and in the hospital. "They are going through harder times than I ever could imagine. I thought of how nice it would be if they could have a

beautiful doll of their own to talk to and befriend," she says.

Realizing the financial strain that medical expenses can put on a family, Lace worried that some parents might not be able to afford a special doll like Kailey for their daughters. "That's when I conceived the idea of raising money to buy dolls for girls who spend time in the hospital," she says.

Lace took the initiative and put together a plan to promote her new foundation. "Eventually, I decided on the name 'Dollz for Girlz' for my foundation. It was catchy and right to the point." Lace created her own website, [dollzforgirlz.org](http://dollzforgirlz.org), and then began the task of fundraising. "I held some craft sales and went door to door with my cousin Lilly asking for donations. Then I advertised my foundation at my dad's medical office. Soon I started getting lots of donations. By September, I had raised \$400 and purchased four dolls," says Lace.

Lace's mom, Teresa, began calling hospitals to ask how they might give the dolls out to hospitalized girls. Surprisingly, because of privacy rules, they faced rejection at several hospitals. "We didn't expect this. How could such a good cause be turned away?" Lace questioned. But she persevered and soon found a voice

through the Marion-Polk County Medical Society. She was able to publish an article in their December newsletter asking for help and was also invited to present a display of the Dollz for Girlz foundation at the Marion-Polk Medical Society dinner in January. There Lace met Senators Jackie Winters and Ted Ferrioli. Both senators were very impressed with Lace's foundation and expressed great interest in helping her program. "I have made some good connections, and hopefully some deserving girls will soon be experiencing the joy of owning their own precious friend and confidant with whom they may share their own pain and struggles."

When asked how she likes attending Blanchet, Lace says she loves the school and all the activities it has to offer. "I had a hard time deciding what to get involved in! I tried soccer and basketball, but my favorite activities are drama and student council." Lace played the part of a young townspeople in this fall's high school production of *The Scarlet Letter* and plans next year to get more involved with leadership. She also takes ballet and piano lessons and recently was chosen to represent Oregon at the National Youth Leadership State Conference in Seattle.

Lace appeared as a young townspeople in the high school production of *The Scarlet Letter* in November. Pictured from left to right are: Lexi Samples, Emily Winters, Lace LaTulippe, Conrad Seifer and Caleb Gribble.

In the future, Lace hopes to raise money to keep her Dollz for Girlz ministry going forever. "I love helping others because God says, 'Love your neighbor as you love yourself,' and I want to please Him. I also like making people feel happier. It runs in our family, I guess. I can't wait to give these dolls to girls in need!"

## How You Can Help

Lace needs your help to get connected with girls who are hospitalized or with individuals that may work in hospitals. She is also looking for new fundraising projects and would love to hear ideas from you!

# Faculty Profile

## EVAN HARRIS

Blanchet Catholic School is pleased to welcome Mr. Evan Harris to its faculty. Mr. Harris joins the school's outstanding math department and teaches Pre-Algebra 1 and 2.

Mr. Harris was born in Salem and he and his wife, Donna, have three children – Mitchell (22), Kayla (19) and Sam (15). Kayla attends the University of

Portland and Sam is a sophomore at McKay High School.

Mr. Harris attended high school at Sacred Heart Academy, graduating in 1984, the last year the school was open. He was an active student who held a position on student council and played on the basketball, baseball, track and soccer teams. "I remember during my senior year in soccer that I scored all of our goals that season except one," Mr. Harris recalls. "I was in the last graduating class at Sacred Heart and that was a very emotional time," he adds.

After graduation Mr. Harris attended the University of Southern California for two years as a pre-law major and returned to Oregon to complete his undergraduate degree in finance/real estate at the University of Oregon.

"I worked for Evergreen Aviation for thirteen years in the operations and accounting departments

before leaving to work in my dad's real estate company as a Property Manager. After seven years with the company I left to pursue my teaching license and Masters in Education at Corban University."

Mr. Harris has taught in the Medford area and also at Leslie Middle School in Salem. Since 2007 he has been substitute teaching in the Salem-Keizer School District and also at Blanchet.

When asked what his impressions of Blanchet and its students were, he answered, "I feel very comfortable here and am thrilled to be working in a school where the students care about their education and their faith."

In the future Mr. Harris plans to continue his education in school administration and hopes to one day become a vice principal.

Mr. Harris' hobbies include fishing, hunting, hiking, shooting and just about anything outdoors. "I recently took up running and started doing some 5K's and 10K's." he says.

Prior to joining the Blanchet faculty on a part-time basis, Mr. Harris was frequently called upon as a substitute teacher and has established a positive relationship with his students.

The Sacred Heart Academy track team, 1981.

### *Math Department Fast Facts*

Blanchet offers the opportunity to earn college credit through its college algebra, trigonometry and honors calculus courses.

Students who excel in math are invited to join the school's Math Club where they discuss and solve math problems and engage in the investigation of math beyond algebra 2.

# THE HITTNER FAMILY

Daveen Photography

Mikki and Ron Hittner have two daughters, Tori (age 17 and a senior at Blanchet Catholic) and Bailey (age 10 and a 5th grader at St. Joseph School). Mikki works as an instructional assistant at St. Joseph School and is involved in many volunteer activities. Ron is President of their consulting firm, Hittner & Associates, which provides management consulting services to a variety of organizations. Ron has been an assistant coach of women's basketball at Corban University for five years and also runs the Mid-Valley Monarchs youth basketball program.

Tori is very involved at Blanchet as captain of both the basketball and track teams. She has been named to the all-league team in both sports for the past two years and also has competed at the state track meet. Before an injury sidelined her for the year, Tori was named by ESPN as one of the "20 seniors to watch" this

season in Oregon basketball for all classes. Recently, Tori was named a National Merit Finalist and is one of only 15,000 students throughout the United States to qualify for this prestigious honor. (Since Blanchet began administering the PSAT in 1998, ten Cavaliers have been honored as Finalists by the National Merit Scholarship organization.) Tori's co-curricular participation includes involvement in DECA, National Honor Society, Spirituality Team, as well as serving as a Campus Ambassador. Tori volunteers with the Keizer Youth Basketball Association and works at her parent's consulting firm.

Bailey plays both basketball and volleyball and will also likely compete in track as well. She is active with Classic Tap Dance studio in Keizer and also has begun lessons with the saxophone. Bailey was a cast member in Blanchet Catholic's spring musical in 2011, "The Sound of Music," and loves to act, sing and dance.

When the Hittner family was asked to reflect upon their Blanchet experience, Ron & Mikki commented:

"We have really enjoyed our involvement in the Blanchet community for the past six years. We feel that there could have been no better environment in which Tori could thrive as a student and grow as a young woman. The curriculum has been outstanding for preparing her for college. Being educated in a Catholic faith-based environment has also helped her grow her relationship with God. Tori knows that her teachers care deeply about her and are willing to help her succeed in any way they can. The same goes for the school administration and staff."

The Hittner family are members of our giving society, the *Archbishop Blanchet Society*, to which they have made a multi-year commitment to help fund tuition assistance. They have also made a generous contribution to the "Foundation for the Future" campaign. When asked why they have made Blanchet Catholic a charitable priority, they responded:

"As with everyone, we have many options that we could consider for any charitable endeavors. Particularly in these tough economic times, we are very careful about where we make any donation, and **we have made the Archbishop Blanchet Society and the "Foundation for the Future" campaign a priority because we believe that there is no more**

**pressing need in our community than ensuring good educational opportunities for our children, and Blanchet is the premier provider of these opportunities.** We feel that we are doing our small part in helping to build a bright future not only for our daughters but for the community as a whole.

“The Blanchet Board of Directors and administration take their fiduciary responsibilities very seriously and are smart, efficient stewards with the school’s budget, while at the same time are always looking for ways to continue to strengthen the school financially to allow for maintenance and appropriate growth. **The plan laid out in the “Foundation for the Future” campaign will help ensure that Blanchet grows with the times and provides future students with enhanced opportunities for growth, learning and college preparation.**”

## OUR NATIONAL MERIT FINALIST ... IN HER OWN WORDS

### *How has Blanchet prepared you for college?*

To be honest, I did not fully realize or appreciate the benefits and academic rigor of Blanchet until I started talking to some of my friends who attend public school. They hardly ever have any homework, and the workload of the average student is incredibly less than that of the average student here. Due to the difficult academic schedule and challenging classes that are available, Blanchet has offered me an excellent college preparatory education that I do not believe I could have received anywhere else in the Mid-Willamette Valley.

### *How do you think the Blanchet experience has contributed to your success?*

Blanchet has provided me with an invaluable basis not only for college, but for life as well. My middle school and high school experiences have instilled lasting values and knowledge within me that I will be able to carry into my future. Not only have the

classes helped prepare me for life after high school, but the teachers themselves have made an incredible impact. So many of the faculty and staff truly care about us and want us to succeed, and as students, that is an amazing gift.

### *What are your career plans?*

No plans are obviously set in stone, but I currently hope to one day be an archaeologist or traveling journalist. I am open-minded in my career path, however, and hope to take a variety of classes in college in order to determine what I truly love to do.

## TORI'S COLLEGE ACCEPTANCES

**Tori has applied to 10 schools and has been accepted to 7 to date.**

### Accepted:

- University of Notre Dame (awaiting scholarship news)
- Baylor University (awarded \$15,000 annual merit scholarship)
- Willamette University (awarded Academic Leadership scholarship of \$17,000 annually)
- University of Evansville, Indiana (awarded National Merit Semifinalist scholarship of \$20,000 annually; if named Merit Finalist this becomes full tuition award)
- University of South Dakota (awarded two scholarships of \$3,500 annually)
- University of Wyoming (awarded merit scholarship of \$6,000 annually)
- Montana State University (awarded Achievement Scholarship of \$15,000 annually)

Tori is awaiting admission decisions from Stanford, Harvard and Princeton, as well as news about admittance to honors programs at several of the colleges above, in addition to other scholarships.

*National Merit Commended Scholar Alyssa Pollard will be profiled in our spring Cavalier Magazine, along with other distinguished members of our class of 2012.*

*Class of 2012*

## COMMENCEMENT

Saturday, June 9, 2012 ~ 2:00 p.m.

Commencement Speaker: Larry Tokarski

## FOUNDATION FOR THE FUTURE

Our “Foundation for the Future” campaign was designed to help fund the greatest needs of our latest strategic five-year plan, Vision 2015. Thanks to the generosity of our many supporters, we have made amazing progress since our five-year plan was adopted in fall of

2011. Below we recap the progress we have made and outline what projects require additional funding.

If you have not yet made a contribution to the “Foundation for the Future” campaign, we urge you to consider making a gift to help our students and programs. Our goal is to raise the remaining \$600,000 needed to complete the projects in the campaign by 2013. Campaign pledges can be split over several years if you choose, and there are many affordable ways to give. All gifts of \$1,000 and greater will be recognized on a beautiful donor recognition sign near our new Commons building.

### **Example of how a \$1,000 gift can be made:**

\$84 monthly for 1 year

\$42 monthly donation for 2 years

\$21 monthly donation for 4 years

### **Campaign Goals:**

#### ***Building & renovating facilities;***

**Completed to date:** To date, we have installed new bleachers in the main gymnasium, replaced drinking fountains throughout the building, resurfaced the parking lot, replaced exterior doors, renovated two mid high restrooms and renovated the computer lab. We anticipate that we will begin construction on a new Commons building (cafeteria, kitchen, locker rooms and courtyard) in March 2012.

**Additional funding required:** Projects still to be completed include replacing remaining carpet/ outdated vinyl flooring throughout building, finish renovating restrooms and remodeling the current kitchen into a concessions stand.

#### ***Upgrading technology;***

**Completed to date:** We have purchased laptops for teachers, invested in a new school website, installed four ActivBoards in classrooms, installed new monitors for computers in the lab and library and provided technology training for teachers.

**Additional funding required:** We need to install new computers in the computer lab and library, provide a mobile technology lab for classroom use (iPads), install additional ActivBoards and upgrade software.

#### ***Enhancing the curriculum;***

**Additional funding required:** We look forward to the addition of advanced placement, honors and elective courses and to the potential addition of staff in areas such as music and community service.

#### ***Providing tuition assistance;***

We have secured commitments from *Archbishop Blanchet Society* donors to continue providing \$270,000 annually towards tuition assistance for Blanchet students through the year 2015. The need for tuition assistance increases each year and we are always recruiting new Society members.

# NEWSBRIEFS

## MRS. HEINTZMAN HONORED AS CRYSTAL APPLE AWARD WINNER

Congratulations to Mrs. Heintzman who was one of ten superb educators honored at the 2011 Crystal Apple Awards ceremony held at the Elsinore Theatre in early November.

Mrs. Heintzman was selected to receive the Crystal Apple Award for her dedication to her students, her amazing artistic abilities, her contributions to school fundraisers and events and her significant community involvement. Mrs. Heintzman joins Mrs. Wise (2006) as the second Blanchet teacher to receive a Crystal Apple.

Presented by the Salem-Keizer Education Foundation in collaboration with the Salem-Keizer School District and the Salem and Keizer Chambers of Commerce, the Crystal Apple Awards celebrate and recognize those teachers, administrators and support staff who exceed all expectations of their profession and who engage community in their work.

Other Cavalier Crystal Apple nominees include: Ms. Razmus (2011), Ms. O'Bannon (2010), Mr. Weber (2009), Mrs. Roberts (2008), Mrs. Bashaw (2007), Mr. Brooks (2007), Mrs. Pearson (2006), Mr. Lee (2005) and Ms. Schreiber (2005).

## MEGAN ANGSTROM ~ OPTIMIST STUDENT OF THE MONTH FOR FINE & PERFORMING ARTS

Senior Megan Angstrom was recently honored by the Salem Optimist Club as Optimist Student of the Month for Fine and Performing Arts. Megan was

nominated for this honor by both Mrs. Heintzman and Mrs. Roberts. She has participated in many art classes (drawing, painting and ceramics) at

Blanchet and has produced beautiful work. Megan has participated in many Blanchet productions, both on and off stage. Her greatest talent is serving as a stage manager and organizing many aspects of the production. "Megan was the lead stage manager for the fall production of *The Scarlet Letter*, and did an excellent job managing many details including scene design and coordinating the entrance of actors and actresses," remarks Mrs. Roberts.

Megan is a member of the cross country team and National Honor Society and is a tireless member of the Friends of Benedictine service club, giving of her time both during and after school hours. "Megan is caring and considerate and an excellent representative of Blanchet Catholic School," comments Vice Principal Carlton Wise.

## SARAH DARST ~ OPTIMIST STUDENT OF THE MONTH FOR SCIENCE & MATH

Senior Sarah Darst received the Optimist Award for outstanding achievement in science and math in January. She was nominated by science teachers Mrs. Halsey Randall and Mrs. Wise, and by math teacher Ms. Schreiber. "Sarah is one of those rare and treasured students who

*wants* to learn. She is naturally intelligent and hard working and strives to not only get the answers correct, but to understand what all of it means," remarks Mrs. Halsey Randall. Ms. Schreiber adds, "In addition to her stellar performance in math

(Sarah earned a 98% in Integral Calculus last year!) Sarah is a remarkable young lady in all aspects of her life. She is a strong athlete, is very active in community service activities and has been a vital member of the school's DECA club."

### COACH BASHAW NAMED NFHS NORTHWEST SECTIONAL VOLLEYBALL COACH OF THE YEAR

Coach Sherrie Bashaw has been selected by the National Federation of State High School Associations (NFHS) to receive the 2011 Northwest Sectional Coach of the Year award for volleyball. The Northwest section includes the states of Alaska, Idaho, Montana, Oregon, Washington and Wyoming.

Coach Bashaw was selected by the Oregon Athletic Coaches Association as the Oregon nominee for the NFHS 2011 Coach of the Year award and has been honored as the Tri-River Conference Coach of the Year seven consecutive times from 2003 to 2009. She was also honored as the Oregon Volleyball Coach of the Year for 2008 and 2009 and as the Salem Sports and Breakfast Club Coach of the Year for 2009. Coach Bashaw is revered by Blanchet students, families, faculty and staff as a gifted educator with nearly twenty years of teaching experience.

Jeff Arbogast, Chair of the NFHS Coaches Association Advisory Committee says, "Sherrie Bashaw's contributions to high school athletics are truly deserving of recognition and thanks. We thank her for her many contributions to the youth of this country."

### ALLIE BUTTERFIELD SIGNS WITH A.S.U.

Surrounded by her family, friends and supporters, senior Allie Butterfield signed a national letter of intent to play softball for Arizona State University on November 14. The ASU Sun Devils are currently ranked #1 in the nation for softball heading into the upcoming season. They won the 2011 NCAA

Division I National Championship this past spring, their second national championship in the past four years.

Butterfield, an outfielder, was named the Pac West "Player of the Year"

in 2011, an honor she held the year before as well in the Tri-River Conference. She was a first-team All-State selection as a sophomore and junior. Last season she boasted a .671 batting average with 41 runs off of 55 hits. She led the team with a .902 slugging percentage and 40 stolen bases.

This spring will be Butterfield's last softball season with the Lady Cavaliers, who won the Pac West championship last year and competed in the state semi-finals.

Blanchet Athletic Director Ron Miller commented, "Allie Butterfield is an all-star in the classroom as well as on the softball field. She has worked very hard to get where she is today, and I'm certain she will continue to be an outstanding citizen and softball player at Arizona State University."

# Alumni

Where are they now?

## Matthew Lieder - Class of 2009

Matthew Lieder is a Blanchet Catholic School class of 2009 alumni. In high school Matt was a quiet yet strong leader in his class. He was a stand-out student and member of the National Honor Society. He was a valued member of the varsity soccer and tennis teams and was active in Science Olympiad. Matt now attends Gonzaga University in Spokane, Washington.

Last semester Matt had a great opportunity to experience different cultures and ways of thinking and living when Gonzaga gave him the chance to study abroad in Florence, Italy. "This was a once-in-a-lifetime opportunity to study and live in a foreign country. Not just any country - this was the country that gave birth to the Renaissance, Leonardo da Vinci, Michelangelo, espresso and lasagna," comments Matt.

For three full months Matt experienced living in Italy and also had the opportunity to visit several other countries including Germany, France, Ireland, Czech Republic, Austria, and Vatican City. "It was amazing just how different these countries and

cultures were. Each country was unique and special in its own way. France had amazing food and people, Austria was absolutely beautiful, and Vatican City held so much history," he recalls.

Matt says his time abroad was much more than simply snapping photos of statues and old churches. "I went off the deep end. I struggled to communicate, got lost, grabbed the wrong passport,

missed flights, avoided train strikes, took cold showers in sketchy hotels, lived in a room with three people I didn't know,

danced, sang, and made a ton of new friends. Europe presented some big problems. Something

as simple as getting directions can seem impossible when you're sitting in the middle of Paris and don't speak a word of French. What these challenges do is help you to make fantastic friends. The thing I am most thankful for are the challenges that studying in Europe presented me, and the friends that I faced them with."

Matt is majoring in English and history and plans to attend law school after graduation. When asked what he appreciated most about his Blanchet experience Matt replied, "Blanchet provides an environment that develops students to be independent thinkers and to give them a lifelong love of learning. I also made friendships at Blanchet that have remained tight even after graduation. These are friends that I will have forever."

Matt's photos left to right: the Duomo - Florence, the Pope, the Eiffel Tower - Paris, the Coliseum - Rome, St. Peter's Basilica - Rome.

## More Alumni Updates

Members of Blanchet's Class of 2001 enjoyed their ten-year reunion last August.

Pictured are (back row) Hannah Buitron, Steven McDonough, Joey Luth, Stephanie Razmus and Whitney Estes (front row) Holly Woolard, Abbie Hitchen, Melissa Stanley and Jennifer Purnell

**Ryan & Nick Herb '10** were named to the honor roll at the University of Portland.

**Laura Ruggles '11** was named to the Dean's List for the 2010-11 academic year at Santa Clara University. This distinction is reserved for students who achieve a G.P.A. in the top 10% of their class for the entire year.

**Alexandria Johnson '10** was awarded the Unitus Community Credit Union Scholarship of \$1,000 for the 2011-12 academic year. Alexandria attends Willamette University.

**Krista Burnham '07** graduated with honors from Pacific University with a degree in Chemistry. She was accepted to the School of Pharmacy at Pacific and will complete her degree in 2014.

**Tyler Burnham '09** completed his associates degree at Blue Mountain Community College in June, 2011 and spent the summer farming. Tyler is currently working on a farm in Echuca, Australia.

**Katie Bashaw '09** was named to the Dean's Honor Roll for Fall term 2011 at Western Oregon State University.

**Kelsey Bashaw '06 & Carl Beyer '06** were married on June 18, 2011. The couple lives in Fitchburg, Wisconsin where Carl writes computer programs for Epic and Kelsey is employed with Elysee Cosmetics.
